Two things we are very tired of. Sound Finance and laziness, and when it comes to the distribution we are simply sick.

A government whether municipal, state or national must be a mother to her people. If she wishes or desires the love of that people she must be truly a guard.

A rose is a beautiful flower and to our optics is grand to behold, but to possess and wear it is a pleasure, and its odor is delightful. This odor fills our hearts with gladness and should be emblematic of our lives.

In making selections of candidates for public office let the people remember there are a number of good men who have been following the flag but a little in the rear in the financial army that would make the very best of officers.

W. S. Cowherd had a good deal to say about the flag in his speech last Thursday and he made a patriotic appeal to the "Grand Old Flag" but the people have gotten so that they look more at what a man does than they do to what he says.

Today is the last day for filing. Those candidates in the hands of their friends must hide out no longer.

Tomorrow all the candidates that can come before the people will be out. They will have declared their intentions to qualify for the office if the people want them. Anybody can ask for an office and it is let to the people to say who they want as their nominee.

There will be three noted women take the stump during this campaign so we are told. Miss Ruth Bryan, daughter of W. J. Bryan, of Colorado will represent the Democracy. Mrs. Alice Roosevelt Longworth the Republicans, and Countess Roy Warwick will advocate the Socialist doctrine. Who says the campaign will not be one full of enthusiasm?

Every Republican who has held office in this county for the past twenty years has received our vote and for the past ten years every Republican that has been elected has received the unqualified support and influence of the Herald. If party service is worth anything and you wish to take it into consideration we hope you will consider our case when you come to vote in the primary for county treasurer. One thing we believe the above service has done and that is, it has certainly established our Republicanism beyond a doubt in the minds of any sane Republican.

Editor Tresenriter of the Cape Progress is a candidate for the legislature on the Democratic ticket. Mr. Tresenriter has done good party service in his county for the past eight years and is entitled to the place. He will represent this county thoroughly from a Democratic standpoint. He stands well on all questions of general interest, neither extreme one way or the other, a man of good judgement and resourceful knowledge. If we must have a Democrat to represent us we know of no one that would do it better than Tresenriter.

W. S. Cowherd made a good Democratic speech here last Saturday. Mr. Cowherd is an eloquent and fluent speaker. He can take one by his oratorical powers above the clouds and show him how to paint the rainbow and then he can descend into the abyss below till you can hear the thunder echoing and re-echoing through the caves and hollows of perdition and yet we failed to see that he created any more enthusiasm among the audience than "Grandpa" Evans who spoke here last week. Evans is the only Democratic governor that Mr. Cowherd fears to judge from his own remarks. He said in substance, A man never attacks another unless the attacked man is in the road. Let the Brethern quarrel and the Republicans will elect Hadley and retain Republican Missouri.

We hear a great deal said about monopoly and trusts and when not restricted they are not good things, yet the people some times will buy from the trusts, help aid monopoly in preference to helping out individual enterprises. If two men enter in business in this town and each are honest and industrious but one has more money in the business than the other it seems that the people would rather help the moneyed man than the other man whose means are limited, yet the man with the small capital will give just as good goods and render just as good service as the other. Why is this? Such actions necessarily leads people to believe that this "help one another along" business is all sham and that it is more of a "I want mine" business. "Remember you can't fool all the people all the time."

COD LIVER OIL with its repulsive qualities eliminated

The repulsive taste and odor of cod liver oil and its tendency to derange digestion and upset the stomach have heretofore seriously handicapped this most valuable remedial agent whose place cannot be taken by anything else in treating Pulmonary Complaints, La Grippe, Consumption, and Weak Lungs as well as malnutrition, blood poverty, General Debility, Nervous weakness, Wasting diseases, Loss of weight and other "run down" conditions. These objectionable features of the plain cod liver oil have been entirely eliminated from the preparation of cod liver oil in dry tablet form we are offering you under the name of

C. O. D. TABLETS

In these little easily swallowed tablets are contained all the essential elements of the finest Norwegian Cod Liver oil imported. To these vital principles of the best cod liver oil are added the Hypophosphites of Lime and Soda and a small quantity of Licorice.

The Hypophosphites are splendid for strengthening and restoring tone to the entire nervous system and banishing nervousness. Licorice is the gentlest known laxative and its presence insures that any excess oil which the system cannot assimilate will be promptly carried off and not remain to irritate the stomach, as often happens when the plain oil is taken.

Take C. O. D. Tablets and experience the vast benefit to your health which will follow the blood making, blood-enriching, strength-restoring, tissue-building, and system-nourishing results of this by-far-the-best of all cod liver oil preparations. Sold in 50c and \$1.00 bottles. If your druggist does not handle them, DO NOT ACCEPT ANY SUBSTITUTE but send your money to us and by return mail we will supply you with C. O. D.
